## The revival of the « Il forum musicale »

- Our aim is to bring together professional musicians and the best students from European music conservatories to work on an original and demanding repertoire. High level require.
- Creation of a European mandolin and guitar orchestra bringing together 40 musicians from all over Europe.
- Open to young musicians to offer them a unique experience and to support the musical training of future professional artists.
- Composition of the orchestra: mandolins, mandolas, mandolincellos, guitars and double basses, and punctually some other instruments, such as percussion instruments.
- Sharing of the European spirit and values: The musicians will be able to discover other cultures and forge close ties of friendship across the European continent. In this way the *European Mandolin and Guitar Orchestra* will also contribute to a better understanding of Europe's multicultural diversity.
- Long-term sustainable project: the *European Mandolin and Guitar Orchestra* is created in the context of the ***European Capital of Culture Esch2022*** and will continue to live well beyond 2022.
